Reflection of the Week

As we continue our celebration of the Christmas season, we observe today the great Feast of the Epiphany of the Lord. The word “epiphany” means manifestation and throughout the Christmas readings we have seen that the newborn King is eager to reveal Himself to all those willing to accept His presence in their lives. From poor and humble shepherds to the international group of magi featured in today’s Gospel passage, Jesus makes it clear that He offers Himself as a gift to everyone.

We also see throughout the scriptures that God uses what is familiar to us to draw us to Himself. In the case of the magi – astrologers – He uses a star. Our Lord continues to speak to each one of us today. But we must be alert to “hear” and “see” Him in our daily lives.

How can we become better attuned to the ways God is speaking to us? We must strengthen our spiritual “senses” by spending time with the Lord in prayer every single day. In the same way that we set professional goals or exercise goals, we can set spiritual goals to ensure that we are taking the time to listen intentionally to God daily.

When we establish a regular, intentional time for prayer, we will find that the Lord continues to speak to us throughout the day. We will more easily recognize the “stars” He places before us to draw us into closer relationship with Him. We will begin to see that He is indeed present in our lives at every moment.

SAINTS AND SPECIAL OBSERVANCES

Sunday: The Epiphany of the Lord;
Blessing of the Home
Monday: St. Raymond of Penyafort;
Julian Calendar Christmas

TREASURES FROM OUR TRADITION

Monday of this week is Christmas Day in Russia and in much of the Orthodox world. This curious difference in schedule has a lot to do with how calendars have been developed and changed over the years. In the year 45 B.C. Julius Ceasar gave the empire his Julian Calendar, with the winter solstice on January 6. This put an end to a system in which officials called "pontiffs" were able to tweak the calendar by adding extra days in as needed. He invented two new months at that time, December and January; and in order to correct the mess the pontiffs had made, forced a year of 445 days on the empire in what he named "The Last Year of Confusion." The new months varied in number of days according to a complex schedule, but the calendar was still off by nearly twelve minutes a year, and lost a full day every 130 years.

Pope Gregory XIII reformed the calendar in 1583, but not everyone appreciated his efforts. England held out for two hundred years. The year 1700 was a leap year in England, but not in France; they were eleven days apart! George Washington was really born on February 11; when the Gregorian calendar was finally adopted in the English colonies shortly before the Revolution, he had to move his birthday to February 22. Now the calendars are thirteen days apart, which accounts for Russia's Julian calendar Christmas. And Caesar thought he had brought confusion to an end!

TRADICIONES DE NUESTRA FE

Es tiempo de añadir los reyes magos al pesebre. En 1448 llegaron los pesebres italianos a las iglesias españolas, pero no fue hasta que el Rey Carlos III le regaló un pesebre a su hijo en el siglo XVIII que el uso de pesebres se expandió en los hogares. Desde entonces, el uso de nacimientos llega al continente americano en donde se convierte en la decoración principal para las fiestas navideñas.

Así como en todo país latinoamericano el montaje del Belén es una tradición, lo es también en Venezuela. Con el pesebre venezolano llegan también aguinaldos, parrandas, Misas y patines. ¡Sí! ¡Patines!

Desde la mitad del siglo pasado los venezolanos celebran la época navideña con "patinadas". Estas "patinadas" normalmente se hacen por las mañanas y muchas calles están cerradas a los autos hasta las 8 a.m. para que niños y jóvenes puedan disfrutar de los patines, bicicletas y otros juguetes que les regala el niño Dios. Por eso, muchos niños duermen con un "cordoncito" atado al dedo gordo de los pies, que cuelgan por la ventana para que los despierten los que pasan patinado.
